The Western Union office at Richmond, Va., had to call in extra employes Sunday to handle 3,000 Richmond-area messages and about 20,000 for other points in the Virginia-North Carolina region. Most urged Graham to back Goldwater. Telegrams poured into West-

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is self-control, no more, no less. It must be consistent with the truths expressed in such great moral guides as the Golden Rule and the Declaration of Independence.
